“ This lady right here, was the most absolutely beautiful person inside and out. One of the ladies that took me under her wings when we worked together at Maplewood back in the early 80’s. My heart just hurts for the family, Just asked another former coworker about her about a couple of months ago when our paths crossed, only to open up Facebook today after work and this was the first post I saw , Lord give the family strength and some comfort during this time. I am truly sorry for your loss
