“ *I became aware of who Carol was a few months ago, when Kenny's mother passed. Who was my teacher in school, we were classmates and friends.. I was sadden to hear that she had passed.. I know that she was a warmed spirited, happy person because that's how Kenny was.. May the Love of God Bless and keep Kenny and the entire Shanklin, and Whatley family at this time.. MP*

“ Carol was always full of energy and had a smile on her face. Never knew what kind hairdo she was going to come to work with. She took care of each patient as if they were her own family. She was a good friend and will be missed by many.

Carol and I went to EMT school together and she was my first partner on a BLS truck. She was a loving and caring person and loved her kids with all her heart. She was the strongest willed women I have ever met. Even when she felt bad she never let it show. I loved her and will miss her

“ *I was able to speak briefly with Carol a week before she passed away. Even in that short conversation her spirit never wavered. She gave me the best gift anyone could receive. The gift of friendship. Carol you were a very special person that did make a difference for many people. Rest in peace.*

“ *I had the pleasure of sitting down and talking with Carol a few months ago. She had a beautiful spirit and lived her life to the fullest extent. She was a person who truly enjoyed life. In spite of her illness, she never gave up. It was obvious that she was not a person who felt sorry for herself. She fought long and hard for her life. She loved her family, especially her husband, mother and children. She spoke fondly of them and we pray that God's love will keep you and guide you through this difficult time. Carol is now resting peacefully and safely in God's arms. She will be missed.*

Carol was such an inspiration to me being a female paramedic "back in the day" when there weren't too many. She and Bobbie made a great team! She always had the prettiest smile, beautiful eyes and for some reason, GREAT eyelashes ;). I always looked forward to seeing her to see what kind of hair-do she had that week. They always made me smile. I later went on to paramedic school myself. The last time I saw her, she was my patient. She still took the time to educate me on a few things about her illness that "might come in handy one day". She was one in a million and will be thought of many times by myself and others I'm sure. LOTS of fun memories from the past 20 years. Rest now friend. I'll see you again...

Wow is all I can say!! I'm Carol's son and cant say I really know you, but judging by your comment you obviously know my mother well. I just want you to know that your comment touched me and on behalf of my family I really appreciate your kind words. Be blessed!!

“ *Carol, I miss your smile, I miss your positive attitude, and most of all I miss your love and true friendship. You left me with so many wonderful fun memories that I will share and keep in my heart forever. We went through so much together, whatever it was, we were there for each other. I know you were ready for the Lord to take you home. It gets me through to know I will see you again in a better place. My favorite song is, "I Can Only Imagine". I know you are experiencing heaven and I can only imagine being there with you someday. Please be our angel and watch over us. I love you girlfriend.*

“ *Mom, As your first born child, its only right that I'm the first to post on this tribute page. I know how much you have been hurting, especially lately. As much as it hurts know that you're gone, I still have peace knowing that you are now in a better place with no more hurting and pain. Not to mention all the times that you told me you are actually ready to go. I love you so much, not only for all you have done, but mostly for the woman you were, the life you lived, and the examples you set. You will truly be missed and I know you are smiling down from heaven at all of us now. With love, your only son, Antonio J. Prather*

“ Mom as your first born child I will be the first to write a tribute on this wall. I know how much you've been hurting, especially lately, therefore i can truly say that you are in a better place with no more pain and suffering. As much as it hurts to know that you're now gone, I can have peace about it knowing that there isnt anymore pain and you don't have to be hooked up to an oxygen machine. I love you so much for all you have done but even more for the woman you were and the examples you set. You will truly be missed
Love,
Your son Antonio
