“ *To the family I would like to express how we are all praying for your strength. To trust that God is able to give comfort to you all. I witness myself at the funeral how very strong you all are and how your family has so much love. Please know that those of us who knew your mother also loved her for her strength. She never let anything get her down and she kept pushing onward. She loved so many and so many loved her back in return. today we celebrated how she lived and how much she loved people. That beautiful smile will never be forgotten or her beautiful heart. There were no strangers to Meka everyone was a possible new friend. May her memories continue to grow inside of each of you. she will be watching us all from above and her life was her true testimony. So many people are doers and givers, she was such this person. God has finally returned her to her home in heaven. With so much love and care to the family. Thank you all for sharing your mother, your sister, your Aunt, your cousin, your niece with us all. Hollywood Heights will not be the same without her but we know that God loved her best to let her rest eternally. Sincerely Jackie Moore*
