“ *I was so shocked and saddened by the news of Miss Geneva's passing while I was out of town. I really cared for that lady and I know she did for me.*

She always turned the conversation to me and my family when we were supposed to be talking about her. She showed genuine care and concern on some dark days and was always a great source of encouragement.

In return, I tried to make her laugh and enjoyed each time I was able to spend a minute or two with her. She had a great sense of humor and a deep laugh that was "catching".

I'm going to miss Miss Geneva, as I'm sure her entire family will.

Larry, we are here for you.
