“ It is beyond belief that I am thinking of memories in which you aren't able to laugh with me to remember. Although we haven't seen each other in a few years now, you and I never went too long without catching up, joking and laughing. Your chipmunk cheeks will always live in my memory and your voice in my heart. Your beautiful eyes have seen all there is to see here my love... I know your mom was waiting with open arms for you - make sure to give mine a hug for me and watch over her, too. Keep an eye on those of us who have to now continue without you and let me know you're near once in a while - I'm watching for your signs. I love you, Jamaica. Always. Your Little Miss Sunshine.
