“ *Letitia was a wonderful woman and I miss her every day. Although I am saddened by her passing, I praise God that she is finally at peace. I will pray for her family as I am sure they loved Letitia very much. I'll miss her coming into my office unannounced just to visit. She had a heart full of love.*

“ My loving-kind hearted sister, as you would say you're my baby sister, you have positively touched so many lives. You have mothered many children in our family. I love you so much and I know that you love me too. Those 3-letter words (I love you) were always spoken by you to all your family members. Sisters are human and sometimes get mad at each other and may not want to hear what the other has to say, they are always there for each other no matter what and they still love each other, that's a sister. I'll love you always.
