“ My dear big sister. Words are not enough to explain this hole I have in my heart right now. I will miss everything about you. Our phone conversations, your love of Elvis and our fishing date we planned this spring. I will go fishing this spring in honor of you. You are the longest relationship I have ever had with anyone other than our mom. You were there when I was born. You helped to make me a strong women. I can't believe that I am typing these words right now. I love you so much and I know that you loved me. You told me that at the end of each conversation. Well I will end this post with your quote. “Love you much”.
