“ Marquita was one of my favorite patients while I worked at Parkrow Medical in Arlington, Texas . But once I stopped working their we still continued to keep in touch. She was a very great friend who always had good advice and was a very lovable person. She came to my baby shower and we had a great time. She was my son's godmother and she was great she loved her Q. Frank and family my prayers 🙏 are with you all. I love her so much and will always miss her.
