“ *Auntie Maurine,
I will never forget your personality or your huge smile. I remember how you would light up the room whenever you would enter it. You had the kindest heart I've ever known. You would just come see about family just to let them know that you cared and that everything would be alright.*

*I remember how you would come visit all your nieces and nephews as well as when my dad, your brother, would take us to visit you. My mother was always happy when she could see and talk with you. I just know that you are smiling and seeing them once again! Your smile is shining bright as you take your rest to be with Jesus in Heaven!
I will miss you dearly!*
