“ Myron, my “ForeverSweet16” seems like yesterday I was the new girl in Henderson, 2001 was a time. So many years have passed by without seeing each other, we’ve spoken a few times but I never got to truly thank you and your family for all you had done for me in the short time I lived there. I am saddened by this tragedy of your life being taken away from everyone that love and care for you, in an instant so many memories of our time together played in my mind. Thank you Myron for simply being you’ I will always remember US!

“ I'll never forget when we ran our trick play in the playoff game versus Fairview. When Jake walked off and said hit and the ball was direct snapped to Myron and I pulled... I just remember the look on all the other teams face like "what are they doing?" They were just standing there pretty much and Myron and I run all the way into the endzone together and we were laughing the whole time. I've got so many more memories that I will definitely remember forever. I love you bro! Fly high forever #5!
