“ Tevin is my first cousin. I love her so much and miss her dearly. Tevin was like my sister we use to play together growing up me and her brothers Bryan and Ryan. We shared holidays together like 4th of July we use to hide in the car from the fireworks. Thanksgiving and Christmas was a special time too and Easter we use to help cook the meals. I was at the hospital when she gave birth to her baby girl Lele. Things won't be the same without her, but I know she is in a better place now and not suffering anymore.

“ I always remember Tevin as a woman of God who had faith bigger than mountains. Even when she was in so much pain she was encouraging others. I already missed being close when I had to move away. She used to stop by the house and we would just share about Mary Kay and how God is amazing and maybe even try Mary Kay products together. I always loved hearing from her and we might be on the phone for an hour or more just catching up and sometimes praying together. I miss you and love you Tevin. Some day we will see each other again.

“ Tevin always ❤️ believed God was real and her faith was strong. Anytime I was with her she shined his light so bright. Even though she felt so bad she believed God was faithful and she spoke it. I have missed seeing her because she would come by my house to visit until we moved this past year and she was always so encouraging and showed such love. Even in the hospital she was positive and trying to lift others when she was so sick..I love her and will never forget her. I look forward to seeing her some day.
